<p>“Montessori Insights for Parents of Young Children” by Aline D. Wolf In her clear and straightforward style, Wolf describes Montessori’s insights about child development and the principles that flow from these observations. These principles can guide parents throughout the early years of their children’s lives. Wolf uses photos and practical examples throughout the book to show how Montessori’s insights can be used at home.</p>	\$8.00	
<p>“A Parents’ Guide to the Montessori Classroom” by Aline D. Wolf This book describes in detail the Montessori program for children ages three to six years. It is designed to help parents understand the long-range purpose of Montessori education and provides descriptions of the curriculum materials children use in the pre-primary program.</p>	\$8.00	
<p>“Montessori—A Modern Approach” by Paula Polk Lillard This book is designed for anyone interested in learning how Montessori education is relevant in today’s world. This introduction to Montessori education will help parents determine whether a Montessori classroom is right for their child.</p>	\$13.00	
<p>“The Discovery of the Child” by Maria Montessori Maria Montessori went beyond the conventions of the day to seek a new way of knowing and loving a child. In this book she describes the nature of the child and her method of working more fully with the child’s urge to learn.</p>	\$10.00	
<p>“The Essential Montessori” by Elizabeth G. Hainstock Concise and readable, this book has been relied upon for almost two decades as the definitive guide to the writings of Maria Montessori and to the teaching and application of her ideas in today’s educational arena.</p>	\$14.00	
<p>“The Secret of Childhood” by Maria Montessori The child has a spontaneous urge to learn. An understanding of this simple secret led to the development of what we know as Montessori education. In this book, Maria Montessori describes the child with warmth and with the exactness of the scientist. She also discusses the array of materials and techniques needed to release his learning potential.</p>	\$10.00	
<p>“The Absorbent Mind” by Maria Montessori In response to the crisis in American education, more than 5,000 public and private schools across the nation have adopted the timeless Montessori Method of teaching, of which this book is the cornerstone. Written by the woman whose name is synonymous worldwide with child development theory, <i>The Absorbent Mind</i> takes its title from the phrase that the inspired Italian doctor coined to characterize the child’s most crucial developmental stage: the first six years.</p>	\$12.00	
<p>“Montessori Today” by Paula Polk Lillard This book takes you inside the Montessori elementary classroom and explores its approach to learning at this stage. This is a helpful handbook for those interested in Montessori education at the elementary level.</p>	\$14.00	
<p>“Montessori From the Start” by Paula Polk Lillard and Lynn Lillard Jessen The authors have used Maria Montessori’s theories for raising infants to create a comprehensive program for the first three years, incorporating the furnishings and tools Dr. Montessori created for babies, from the design of the bedroom to the child-sized kitchen table and chair to diet and food preparation to clothing and movement.</p>	\$12.00
